

# SCOURGE UNITS

## RAVAGER PACK

### - EXPERIMENTAL RULES 1.0

The Ravager is a flexible anti-air unit, usually employed by the Scourge when long term air defence is needed. As a walker, it has much lower power consumption than the more aggressive Reaper skimmer and is often employed by Scourge occupation garrisons on conquered worlds. Coupled with greater survivability and independently targeting weapons, this makes the Ravager an excellent choice for vanguard defence.
